

ANKIT KUMAR

Data Analyst

+91-9229047285 | ankitkumar.data39@gmail.com | linkedin.com/in/ankit-kumar-b66067406

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience using Python, Excel (including VBA macros), SQL, Power BI, and Tableau to turn complex, multi-source datasets into actionable insights for cross-functional stakeholders. Skilled in exploratory data analysis, data quality validation, KPI reporting, and dashboard development, with a track record of automating manual processes and standardizing reporting workflows. Comfortable in hybrid environments, translating business questions into analytical frameworks and delivering decision-ready outputs.

TECHNICAL SKILLS

Programming & Querying: Python (Pandas), SQL

Excel & Automation: Advanced Excel, VBA Macros, PivotTables, Lookup Functions, Process Automation

Data Analysis: Exploratory Data Analysis (EDA), Data Cleaning, Data Quality Validation, Descriptive Statistics, KPI Reporting, Scenario / What-If Analysis

Visualization & BI: Power BI, DAX, Tableau, Excel Data Visualization

Tools & Platforms: Streamlit, Plotly, GitHub, Streamlit Community Cloud

PROFESSIONAL EXPERIENCE

Cognifyz Technologies — Data Analyst Intern (Remote)

Apr 2025 – Jun 2025

- Analyzed 100,000+ rows of multi-region data using SQL, Excel, and Power BI, applying exploratory data analysis to uncover trends and support weekly KPI tracking across geography and time.
- Built advanced Excel reporting templates using VBA macros, lookup functions, and pivot logic to automate repetitive tasks, improve data accuracy, and cut reporting time by 40% across 4 departments.
- Developed and maintained Power BI dashboards covering revenue trends, customer mix, and monthly performance to help managers and analysts quickly understand results and act on data-driven recommendations.
- Partnered with 4 analysts and 2 senior managers to gather requirements, define and validate 6 KPIs, and implement data quality checks that improved report reliability and business alignment.

PROJECTS

Sales Analysis Dashboard

Jul 2026

Python, Streamlit, Plotly

- Built an interactive sales analytics dashboard with KPI cards, visualizations, and interactive filters to analyze sales, profit, and customer trends.
- Developed the dashboard with Streamlit and Plotly and deployed it on Streamlit Community Cloud via GitHub.

HR Analytics Dashboard

Jul 2026

Power BI, SQL, Excel

- Built a Power BI dashboard using SQL and DAX to analyze employee attrition and workforce metrics, surfacing actionable HR insights through interactive reports.

Customer Churn Analysis

Mar 2025 – Apr 2025

Python, Pandas

- Performed exploratory data analysis to identify key factors associated with customer churn and uncover actionable patterns.
- Created data visualizations and delivered data-driven recommendations to support customer retention strategies.

CERTIFICATIONS & JOB SIMULATIONS

- Google Data Analytics Professional Certificate — Coursera (2026)
- Data Analytics Certificate — Unstop (2026)
- Deloitte Australia Data Analytics Job Simulation — Forage (2026)
- Tata GenAI Powered Data Analytics Job Simulation — Forage (2025)
- Machine Learning Certificate — UniAthena (2025)

EDUCATION

Sengunthar Engineering College, Tamil Nadu, India

Sep 2023 – Jun 2027

Bachelor of Technology (B.Tech) in Artificial Intelligence & Data Science | CGPA: 7.77 / 10
